Bethany Public School District

Board of Education Operational Goals

2020-2021

These goals reflect the **Board's priorities for its own operation**. Goals for the District and the Bethany Community School are reflected in the District Goals, the Superintendent's Goals, and the Bethany Strategic Plan 2020.

Goal #1

The Board will maintain a focus on high standards of learning, social development, and emotional support for all of our children, with continual improvement.

- Monitor student achievement through the examination of multiple sources of data regularly throughout the school year.
- Engage in regular dialogue with administration about both areas of strength and opportunities for improvement.
- Continually strive to support a well-rounded education for all students that take into account their individual strengths, interests, and needs.
- Continually support the social, emotional, and physical needs of our students, both because these are important goals in and of themselves and because social, emotional, and physical health is essential for optimal learning.

Goal #2

The Board will continue and augment efforts in communication and outreach to staff, parents, students, and the broader community.

- Schedule and conduct Board of Education Open Forums two times a year.
- Encourage public attendance and participation, including teachers and staff, at Board meetings.
- Communicate important issues to the school community, through letters and other mechanisms as appropriate, throughout the school year.
- Ensure the presence of Board members at major school events, to maintain the visibility and availability of Board members.

Goal #3

The Board will seek to enhance its efficacy and efficiency through professional development.

- Institute a structured orientation for new members to familiarize them with their roles and responsibilities as Board members.
- Continually seek out opportunities for professional development to enhance understanding and ability to function as effective Board members.

Goal #4

The Board will perform all of its duties with the highest ethical standards.

- The Board will be cognizant of the importance of confidentiality of both students and staff.

Disposal of Obsolete or Surplus Equipment/Materials

No obsolete or surplus equipment or materials will be discarded or disposed of by a teacher or other school employee. Such items will be set aside and reported to the principal or his/her designee. The principal or his/her designee will prepare lists of such equipment and materials annually and forward such lists to the Superintendent or his/her designee.

Obsolete or surplus equipment or materials shall be donated or sold only upon the approval of the Superintendent or his/her designee.

Prior to making a donation or conducting a public sale, and after determining there is no appropriate use of such equipment or materials within the school, the Superintendent or his/her designee shall notify the First Selectman of the Town of the equipment or materials approved for disposal, and shall request a written response within fifteen (15) days indicating the Town's interest, if any, in such equipment or materials. Any transfer costs shall be borne by the recipient of the surplus or obsolete equipment or materials.

Obsolete or surplus equipment or materials not retained within the school or transferred to the Town may be donated or sold to the general public in a manner determined by the Superintendent to be in the best interests of the district. Such equipment or materials shall not be donated to an employee of the district and shall only be sold to an employee of the school district if the equipment or material is offered for sale to the general public. Under those circumstances, the employee shall receive an equal, but not preferential, opportunity to purchase the equipment or materials.

When books are sold either to used book vendors or shredders, this money must be returned to the general fund. If and when such books are given to the PTO, the PTO may dispose of them as they wish. Any monies received there from can be retained in the PTO account.

If the equipment and materials cannot be donated or sold, the Superintendent or his/her designee may dispose of such items.

Free or Reduced Price Lunches (National School Lunch Program)

Participation in the National School Lunch Program (NSLP) is herewith authorized. Authorization is granted to the Superintendent to act on behalf of the Bethany Board of Education (Board) for purposes of participating in the NSLP.

Free or reduced-price meals will be served to children from families whose income falls within the current criteria established by the Secretary of Agriculture under the Federal Lunch Program.

The Bethany Public School District (District) shall establish an appeals process under which a parent/guardian may appeal a decision regarding his/her initial application for benefits, or any subsequent reduction or termination of benefits.

The District shall not physically segregate or discriminate against any child because of his/her inability to pay for a meal. The names of children eligible to receive free or reduced-price meals shall not be published, posted, or announced in any manner; and there shall be no overt identification of any such children by use of special tokens or tickets, or by any other means.

The District shall ensure that, in the operation of the free and reduced-price meals program, no student shall be discriminated against because of race, color, age, creed, religion, sex, sexual orientation, ancestry, gender identity or expression, national origin, marital status, pregnancy or disability, or any other basis prohibited by law, in its implementation of such a program.

The District's NSLP shall operate to meet dietary specifications in accordance with the Healthy, Hunger-Free Kids Act of 2010 and applicable state laws and regulations.

BETHANY PUBLIC SCHOOL DISTRICT
Bethany, Connecticut

Non-Resident Attendance**Children of Non-Resident Staff**

The Bethany Board of Education considers as its primary responsibility the provision of a high-quality education to students from Bethany. The Board recognizes the past benefits of extending attendance options to the children of Board of Education staff who are not residents of Bethany. The Board is also mindful of its obligations to the citizens of Bethany and therefore establishes guidelines and fees for the enrollment of children of Board of Education staff.

Children of Bethany Public School District employees who are not residents of Bethany may be allowed to attend school in the district on a space available basis in accordance with Board Policy 6151, Class Size with a reasonable tuition charge based upon the following conditions and agreement:

- a. For children of full-time staff members who are granted enrollment, the annual base tuition rate will be 25% of the current net per pupil cost.
- b. This policy does not obligate the Board to provide special education programs or services or create unique programs for students. If a non-resident student is enrolled or continued in the Bethany Public School District, and such child is eligible for services under the Individuals with Disabilities Education Act ("IDEA"), the Bethany Public School District shall not act as the local education agency for such child. In instances where special or additional services are provided for a non-resident student, a supplemental tuition or fee shall be charged based upon the actual costs associated with providing the special or additional services.
- c. Student transportation shall be the responsibility of the parents.
- d. The student must exhibit proper behavior and effort.
- e. The staff member (parent/guardian) must agree to a one hundred percent (100%) of tuition reduction of salary as described in section a.

A letter of application for enrollment must be submitted with the student's school records to the Superintendent who, with whatever consultation is necessary, will completely review the student's records and make a recommendation to the Board of Education to approve or deny initial admission.

Application must be made annually by the staff member (parent/guardian) on behalf of the child and, therefore, would require the annual review and approval by the Superintendent.

Students will not be accepted if an expulsion process is pending against them.

Since enrollment and attendance in the Bethany Public School District is a privilege granted by the Board of Education, the Board reserves the right to revoke its permission for any non resident child of a staff member to attend school in the district at any time.

School Ceremonies and Observances

The Board directs that the school administration provide students and staff with appropriate direction and guidance regarding school ceremonies and observances.

United States Flag

The American Flag shall be raised above Bethany Community School during all school sessions, weather permitting. The Flag shall be raised before the opening of school and taken down at its close every day.

The American Flag shall be displayed in each classroom each day school is in session.

The Pledge of Allegiance

In accordance with state law, the Board of Education shall ensure that a period of time is set aside each school day to allow those students who wish to do so the opportunity to recite the Pledge of Allegiance. This policy shall not be construed to require any person to recite the Pledge of Allegiance, should he/she choose not to do so.

Silent Meditation

The Board directs that the school administration shall provide for students and staff the opportunity to observe an appropriate period of time for silent meditation at the beginning of each school day.

School Ceremonies and Observances

The Bethany Board of Education (Board) directs that the school administration provide students and staff with appropriate direction and guidance regarding ~~school~~ ceremonies and observances.

Holiday Celebration and Observances

The school administration is responsible for monitoring compliance with this policy. Pertinent information will be included in the student-parent and staff handbooks.

Recognition of Religious Holidays

The objective study of religious holidays provides a natural opportunity to promote an appreciation for and respect for diversity. Learning opportunities should extend beyond Judeo-Christian beliefs; reflecting the diversity of global cultures.

1. Recognition of religious holidays will not dominate the educational program and must support curricular objectives.
2. All religions must be afforded equal dignity, but none advanced nor disparaged.
3. Decorations which are part of custom, that have no direct religious meaning (Christmas tree, Menorah) may be displayed. Tree decoration should not promote religion nor require student participation.
4. Programs should focus on seasonal rather than religious themes' inclusive of concerts, enrichment programs, and Parent-Teacher Organization sales.
5. Performances that recognize holidays must be of an artistic nature, not religious. Religious music must not dominate any school program. Program selections should not, by their nature, exclude students from participation.
6. Parents/guardians may exclude their children from programs involving the recognition of religious holidays or if a celebration is in conflict with family beliefs. A written request for exclusion should be sent to the school administration.

Digital Technology and Instruction

It is the goal of the District that all students shall be taught to become technologically literate and acquire that collection of skills, knowledge, values, and relationships that allows them to function as productive citizens in a global and digital society. Digital literacy for all students is expected to be accomplished over a number of years in a planned and systematic program.

Continuous evaluation of progress toward this goal is to be conducted by the Superintendent and District staff.

The program of instruction in digital literacy requires attention to the following components:

1. Curriculum
Objectives for instruction will be designed to promote sequential learning awareness, theory, and application of digital technology.
2. Hardware
Specifications for selection will be designed to ensure durable, functional, and updated equipment.
3. Software
Programs for use in digital technology, whether commercially or locally developed, will be selected and shared within constraints of copyright laws, in the school system to promote maximum learning.
4. Staff Development
Employees shall be offered training in the effective use of digital tools and resources.
5. Resources and Funding
A commitment of school system resources is required for the development of the digital literacy program. The Board of Education shall budget District funds for this program as well as seek other public and private funding for District technology.

~~5. Resources and Funding~~

~~A commitment of school system resources is required for the development of the digital literacy program. The Board of Education shall budget District funds for this program as well as seek other public and private funding for District technology.~~

The Bethany Board of Education (Board) recognizes that an effective public education system develops innovative students who are globally aware, civically engaged, and are prepared to face the challenges of tomorrow. Therefore, in addition to instructional materials and audio-visual materials, an increasing field of technological aids and equipment become integral parts of the Bethany Public School District's (District) instructional programs. Computers, telecommunications equipment, and laser technology all have a variety of applications across the curricula.

The Board wants all students to be independent, competent, responsible, and confident users of information and technology. Students must be able to apply technology related strategies to acquire basic skills, content knowledge, collaborate with others, communicate ideas, solve problems, and pursue personal interests.

It is the District's goal to provide students with rich and ample opportunities to use technology for important purposes in schools just as individuals use technology in the workplace and in other real-life settings. Curriculum and instruction should drive the appropriate selection of and access to technology used in the classroom. Teachers are expected to engage in appropriate technology specific learning in order to fully utilize and integrate technology into curriculum and instruction.

When budgeting for computers and related technology, the District may seek outside funding for computer hardware and software, as well as funds for training programs. Cooperative purchasing/leasing agreements through the education service district are another means of economizing.

The Board fully embraces the program goals for information and technology literacy contained in the Connecticut Information and Technology Curriculum Framework.

In all its technological purchases, training programs, and applications, the District should seek to further its basic instructional goals and the goals contained within the aforementioned Framework.

The Board seeks the creation of a systemic digital learning environment and workplace which supports and enhances innovative teaching and learning.

Statewide Proficiency/Mastery Examinations

Each student enrolled in grades three (3) through six (6) inclusive shall annually take a mastery examination that measures essential and grade-appropriate skills in reading, language arts and mathematics during any month of the school year. Each student enrolled in grade five (5) shall, annually, in March or April take a statewide mastery examination that measures essential and grade-appropriate skills in Science. The State Board of Education shall approve the provision and administration of all mastery examinations. All examinations shall take place during the regular school day.

The school District may not require achievement of a satisfactory score on a mastery examination or any subsequent retest on a component of such examinations as the sole criterion of promotion or graduation.

Special education students shall participate in mastery testing except in the rare case when their planning and placement team determines that participation would be inappropriate and recommends the use of an alternative assessment as specified by the State Board of Education.

All students identified as English Learners (EL) regardless of how long they have been enrolled in school shall take the mastery examination in all content areas (reading/language arts, mathematics, science). Scores on each component of the mastery examination for EL who have been enrolled in school for fewer than twenty (20) school months shall not be used for the purposes of calculating the school performance index.

Limited English proficient students eligible for special education due to significant cognitive impairment must be tested on the CMT Skills Checklist, regardless of the one school year exemption option.

Any alternate assessment, including CMT Skills Checklist and the Connecticut Alternate Assessment, of students enrolled in special education, shall be available only to those students with significant cognitive disabilities. Students with significant cognitive disabilities in grades three (3) through six (6) shall be assessed with the Connecticut Alternate Assessment in English/language arts and mathematics. In science, eligible students with significant cognitive disabilities will be assessed with the CMT Skills Checklist in grade five (5).

In compliance with federal law, out-of-level testing is not an option for students enrolled in special education.

Statewide Proficiency/Mastery Examinations

Each student enrolled in grades three (3) through six (6) inclusive shall annually take a mastery examination that measures essential and grade-appropriate skills in reading, language arts, and mathematics during ~~any month of the school year~~ a time period specified by the State Department of Education. ~~Each student enrolled in grade five (5) shall, annually, in March or April take a statewide mastery examination that measures essential and grade-appropriate skills in Science.~~ The State Board of Education (SBE) shall approve the provision and administration of all mastery examinations. All examinations shall take place during the regular school day.

The ~~school~~ Bethany Public School District may not require achievement of a satisfactory score on a mastery examination or any subsequent retest on a component of such examinations as the sole criterion of promotion or graduation.

Special education students shall participate in mastery testing except in the rare case when their planning and placement team determines that participation would be inappropriate and recommends the use of an alternative assessment as specified by the ~~State Board of Education~~ SBE.

All English Learners (ELs) including recently arrived, defined as those students whose initial entry date in a U.S. school is less than two years (24 months) prior to test administration are required to participate in all content areas of the state summative assessment.

All students identified as ELs ~~regardless of how long they have been enrolled in school shall take the mastery examination in all content areas (reading/language arts, mathematics, science)~~ will take the LAS Links Assessment. Scores on each component of the mastery examination for ELs who have been enrolled in school in this state or another state for fewer than twenty (20) school months shall not be used for the purposes of calculating the school performance index as defined in Connecticut General Statutes Section 10-223e.

~~Limited English proficient students eligible for special education due to significant cognitive impairment must be tested on the CMT Skills Checklist, regardless of the one school year exemption option.~~

Scores from year 1 are ready to serve as a baseline for academic growth in Year 2. In year 3, the scores of recently arrived ELs will be included toward academic achievement and academic growth indicators in Connecticut's accountability system.

Any alternate assessment, including ~~CMT Skills Checklist and~~ the Connecticut Alternate Assessment, of students enrolled in special education, shall be available only to those students with significant cognitive disabilities. Students with significant cognitive disabilities in grades three (3) through six (6) shall be assessed with the Connecticut Alternate Assessment in ~~English/~~language arts and mathematics. In science, eligible students with ~~signification~~ significant cognitive disabilities will be assessed with the ~~CMT Skills Checklist~~ Connecticut Alternate Science Assessment in grade five (5).

In compliance with federal law, out-of-level testing is not an option for students enrolled in special education.

The Bethany Board of Education (Board) recognizes that federal law requires full participation of all students on the state summative assessments, with a minimum standard for the participation rate of at least 95 percent of all students and all student groups for each subject. Further, the Board realizes there are consequences for the District not meeting this participation role threshold on these state summative assessments.

Equipment, Books, and Materials: Provision/Selection

The Board of Education shall provide educational materials and equipment that support and enrich the curriculum and further the achievement of the District's instructional goals.

As required by state law, adoption of new textbooks shall require a two-thirds vote of all the members of the Board, notice of such intended change having been previously given at a meeting at least one (1) week prior to the vote.

Selection

The selection of instructional material will be continuously reviewed to keep up with the expansion of knowledge and the rapid changes going on in the world, and to present balanced views on international, national, and local issues and problems of the past, present, and future.

Instructional Materials

Instructional materials shall:

1. stimulate growth in factual knowledge, literary appreciation, aesthetic, and ethical values;
2. help students develop abilities in critical reading and thinking;
3. develop and foster an appreciation of cultural diversity and development in the United States and throughout the world;
4. provide for all students an effective basic education that does not discriminate on the basis of race, color, religion, age, ancestry, gender, gender identity or expression, sexual orientation, marital status, national origin, disability, or veteran status;
5. allow sufficient flexibility for meeting the special needs of individual students and groups of students.

Basic textbooks, instructional materials, and equipment shall be furnished by the Board of Education for all students with the following exceptions:

1. Materials to be used for special projects not required for credit in a course.
2. Personal clothing items worn for physical education and other in-school athletic activities.

The administration will develop and maintain a procedure for selecting instructional materials which meets the above criteria. This process shall include the opportunity for professional staff to analyze, evaluate, and recommend primary learning materials for adoption

The Board of Education, Superintendent and School Administration, by statute will make the final selection decision relevant to instructional equipment, textbooks, and instructional materials.

Revisions**Equipment, Books, and Materials: Provision/Selection**

The Bethany Board of Education (Board) shall provide educational materials and equipment that support and enrich the curriculum and further the achievement of the Bethany Public School District's (District) instructional goals.

~~As required by state law, adoption~~ Adoption of new textbooks shall require a two-thirds vote of all the members of the Board, notice of such intended change having been previously given at a meeting at least one (1) week prior to the vote. Textbooks shall be defined as the primary or basic reading for students in a particular subject and student section in a semester or during the entire school year; supplemental and reference books shall not be considered to be textbooks.

Selection

The selection of instructional material will be continuously reviewed to keep up with the expansion of knowledge and the rapid changes ~~going on~~ in the world and to present balanced views on international, national, and local issues and problems of the past, present, and future. Textbooks should further:

1. provide materials to stimulate growth in factual knowledge, literary appreciation, aesthetic and ethical value;
2. provide materials to help students develop abilities in critical reading and thinking;
3. provide materials to help develop and foster an appreciation of cultural diversity and development in the United States and throughout the world;
4. provide for all students an effective basic education that does not discriminate on the basis of race, age, color, religion, national origin, sex, sexual orientation, gender identity, or disabilities;
5. allow sufficient flexibility for meeting the special needs of individual students and groups of students.

Any textbook or learning material that will serve the function of a textbook must be processed through the District primary learning material adoption procedure and formally adopted by the Board. This applies to a textbook or material that will be used as a primary learning tool on an ongoing basis with the majority of students in a class, course or learning group within a class.

Primary learning materials are textbooks, paperback books, audiovisual kits, or other instructional materials which are:

- used for the duration of a course or school year; the majority of assignments are derived from such material, and
- used by all students in a class, course, or learning group within a class.

The District will develop and maintain a procedure for selecting materials which meets the aforementioned criteria. Such procedure shall include the opportunity for professional staff to analyze, evaluate, and recommend primary learning materials for adoption.

Preschool Special Education

The Board of Education recognizes the value of special education and its responsibility in ensuring that all resident preschool children with disabilities have the opportunity to participate in special programs and services from which they may benefit. The Board shall maintain an early intervention program for pre-school aged children identified through the "Birth to Three" screening process under regulations imposed by the Individuals with Disabilities Act (IDEA) which identifies children with special education needs or developmental delays.

The District's program shall be based upon the "reverse mainstreaming model" which maintains a significant number of non-disabled (regular education) students who serve as role models for the students with identified special needs. The Director of Special Education is responsible to coordinate and evaluate the program annually to make recommendations to the Superintendent of Schools or his/her designee.

The Board authorizes the Superintendent to establish administrative practices and procedures to carry out this responsibility. Such administrative practices and procedures shall include:

1. locating and identifying all preschool children, between the ages of three (3) and five (5), with disabilities pursuant to the relevant provisions of the IDEA. The register of children eligible to receive preschool special education services is to be maintained and revised annually by the Director of Special Education;
2. ensuring that the parents of preschool age children with disabilities have received and understand the request for consent for evaluation of their child;
3. developing an Individualized Education Program (IEP) for each preschool age child with a disability requiring services;
4. appointing and training appropriately qualified personnel;
5. maintaining lists as required by the State Department of Education pertaining to the number of children with disabilities who are being served, as well as those identified disabled students not served;
6. reporting as required to the State Department of Education; and
7. ensuring the smooth transition from infant to the preschool program.

The Planning and Placement Team's (PPT) responsibilities will include the evaluation and recommendation for placement in appropriate approved programs and the provision of appropriate special education programs and services for each preschool child with a disability. Children recommended for an educational program may enter at various points throughout the school year.

It is ultimately the responsibility of the Board to provide the appropriate approved preschool program and services for the District children. Should the PPT's determination and recommendations differ from parent/guardian preference, placement may be appealed by a parent/guardian through the procedures outlined in IDEA.

The Board directs the Superintendent or his/her designee to ensure that the District considers that adequate and appropriate space and personnel are made available for such programs and services.

Tuition

Non-disabled (regular education) students enrolled in the reverse mainstreaming preschool program will be required to pay tuition. Identified students will not be charged tuition. The Superintendent will annually establish the tuition rate for the following school year and a monthly payment plan. Failure to make such tuition payment may result in discontinuation of enrollment in the program.

Adoption**Transportation Contractor**

Bethany Public School District (District) transportation shall be provided by private contractors consistent with contractual arrangements as offered by the Bethany Board of Education from time to time.

Transportation contractors shall comply with all provisions of the contract, with all current State Statutes and regulations of the Commissioner of Motor Vehicles.

In addition, the District expects its school transportation contractor to train all school bus drivers with instruction pertaining to the identification, signs, and symptoms of anaphylaxis and in the administration of epinephrine by a cartridge injector (EpiPen), the notification of emergency personnel, and the reporting of an incident involving a student's life-threatening allergic reaction. Such training shall occur following the issuance or renewal of an endorsement to operate a school bus for carrier employees and upon the hiring of a school bus driver, except a driver who received the training after the most recent issuance or renewal of his/her endorsement is not required to repeat it.

Prior to employment of bus drivers, the District expects its school transportation carrier to conduct a full query of the Federal Motor Carrier Safety Administration's Drug and Alcohol Clearinghouse (Clearinghouse) to obtain information about the driver's eligibility under federal rules to perform a safety-sensitive function. The transportation carrier will also contact prior employers where the applicant was a CDL driver for information to determine the driver's eligibility to perform safety-sensitive functions. (Prior employers' inquiries will continue until January 2023.)

The transportation contractor will also utilize the Clearinghouse for current CDL drivers who are employees on at least an annual basis. Required personnel information that is collected and maintained in connection with the testing program shall also be reported, as required, to the Clearinghouse.

Remote Work

The Bethany Board of Education (Board) recognizes that providing staff members the flexibility of working remotely may be necessary at times when widespread illness, a declared pandemic health emergency, natural disasters, or other roadblocks interrupt the Bethany Public School District's ability to conduct school and/or business on a regular basis. An authority outside the school district may, in addition to the Board and/or the Superintendent, direct school closures. In addition, the Board understands and supports the belief that during normal times of operation, it may be beneficial to have some staff members, with appropriate approval, fulfill their professional responsibilities by working remotely.

In order to address any immediate concern related to quarantine, natural disaster, or other event that interrupts normal operations, the Board directs the Superintendent to promulgate administrative regulations to outline expectations and provide guidance should the need arise for staff to work from home.

Safety

The Bethany Board of Education shall guard against accidents by taking necessary precautions to protect the safety of students, employees, visitors and others present on district property or at school sponsored events.

The Board shall comply with all safety requirements established by governmental authorities and insist that its staff adhere to recommended safety practices pertaining to the school plant, special areas of instruction, student transportation, school sports, and any other applicable programs.

The District administration and Facilities Manager shall jointly be responsible for originating and enforcing safety regulations and procedures in school buildings and on school grounds. It shall be the joint responsibility of the District administration and Facilities Manager to see that all staff members are kept informed of current state laws and regulations regarding health and safety as well as the recommendations of local fire and civil defense officials.

The principal shall be responsible for the supervision of a safety program and shall direct all personnel to cooperate with state, local, and insurance officials in the completion of fire safety inspections and lock-down drills.

Precautionary measures for safety of students on driveways and sidewalks on school property and in the vicinity of school buildings shall be established and observed.
