

Administrative Staff Organization

The legal authority of the Board shall be transmitted through the Superintendent along specific lines of responsibility from person to person as shown in the Board-approved organizational chart of the School District. The Superintendent shall organize the staff to achieve the School District's goals and objectives consistent with the District's educational philosophy. The administrative staff organization shall foster an environment of excellence wherein teachers can help students learn most effectively.

The Superintendent shall have the necessary freedom to revise the organizational chart subject to Board approval of major changes or the elimination and creation of positions. The Superintendent shall maintain the administrative organization and structure current with clear supervision and accountability requirements throughout the School District.

Professional development activities will be provided for all staff. The Board will work toward achieving excellence in education through varied professional development programs to develop leadership skills, stimulate interest of underrepresented groups in administrative positions, and provide career advancement support and professional development opportunities for new and experienced administrators.

The Superintendent will be responsible for developing a District staffing plan and notify the Board annually through budget planning for the subsequent year. Such staffing plans should encourage staff diversity reflecting state demographics and not limited to the local community composition.

Administrative duties and functions will be evaluated against their contributions to better instruction and enhancement of student motivation and achievement.
