

**Intramural Athletic Coaches**

It is the policy of the Bethany Board of Education that an intramural athletic coach employed by the Board shall:

1. adhere to all Board policies, rules and regulations;
2. shall conduct himself/herself in a professional manner;
3. serve as a role model for students; and
4. demonstrate competence and proficiency in his/her role as an athletic coach of a particular sport.

For purposes of this policy, the term "athletic coach" means any person holding (and required to hold) a coaching permit issued by the Connecticut State Department of Education who is hired by the Bethany Public School District to act as a coach for a sport season. The term "coach" under this policy shall include only coaches who have direct responsibility for one (1) or more teams (including assistant coaches if they serve as a coach to another team), and the term shall not include other assistant coaches and volunteer coaches.

For purposes of this policy "intramural sports" covered under this policy include but are not limited to Track, Cross Country, Volleyball, and Unified Sports.
