

Admission/Ages of Attendance/Placement**Admission**

A resident student is a student whose parent or person having control of the student reside in the Town of Bethany or who meet state requirements for school accommodations. Each such child shall have, and shall be so advised by the appropriate school authorities, an equal opportunity to participate in the District's programs and activities without discrimination on account of race, color, sex, religion, national origin, sexual orientation, gender identity or expression, marital status, genetic information or membership in any other protected class. Students who are classified as homeless under federal law, and therefore do not have a fixed residence, will be admitted pursuant to federal law and Board Policy or Regulation.

Each child entering the District school for the first time must present documentation, including but not limited to, a long form raised seal birth certificate, proof of a recent physical examination and required immunizations as indicated by state law, proof of domicile or court documents, as applicable.

Ages of Attendance

The Bethany Public School District school shall be open to all children five (5) years of age and over who reach age five (5) on or before the first day of January of any school year. The parent or person having control of a child five (5) or six (6) years of age shall have the option of not sending the child to school until the child is six (6) years of age. The parent or person having control of a child six (6) years of age shall have the option of not sending the child to school until the child is seven (7) years of age.

The parent or person shall exercise such option by personally appearing at the District office and signing an option form. The District shall provide the parent or person with information on the educational opportunities available in the District. Special education will be provided in pre-kindergarten for children who have attained the age of three (3) and who have been identified as being in need of special education under state and federal law. Other children who have attained the age of three (3) may be enrolled in the pre-kindergarten program as space allows on a tuition basis as determined by the District.

Placement

A child who applies for initial admission to the school by transfer from a non-public school or from a school outside the District will be placed at the grade they would have reached elsewhere pending observation and evaluation by classroom teachers, a guidance counselor and the principal. After such observations and evaluations have been completed, the principal will determine the final grade placement of the child. The principal's decision is final with no appeals.
