

Family Life Education

The Bethany Board of Education recognizes that helping students attain a mature and responsible attitude toward human sexuality is a continuous task of every generation. Parents have the prime responsibility to assist their children in developing moral values. The school should support and supplement parent/guardian efforts in the areas of family life and sex education by offering students factual information and opportunities to discuss concerns, issues, and attitudes inherent in family life and sexual behavior.

The District will comply with federal guidelines concerning age appropriate sex education.

Students and parents/guardians shall be informed of their right in accordance with state statute to exempt the student from the family life and/or AIDS portion of the educational program.
