

Web Sites/Pages

The Board of Education allows the school and District to create and maintain Web sites for educational purposes. Websites are avenues for educating, providing information, communicating and expressing creativity. District and school websites shall be used to share information about school curriculum and instruction, school-authorized activities, and other information relating to our schools and our mission. Websites may also provide instructional resources for staff and students.

The content of materials published on the websites should be professional quality and consistent with the educational mission of the District. Websites shall follow standards for ethical behavior in regard to information and technology by showing respect for the principles of intellectual freedom, intellectual property rights and the responsible use of information and technology. Pages shall reflect an understanding that both internal and external audiences will be viewing the information. The Superintendent or his/her designee will have final determination of the appropriateness of all website publications.

Any pages or links representing the District shall follow applicable guidelines and responsibilities pertaining to content standards, student records, copyright, and technical standards.

The District is committed to ensuring accessibility of its website for students, parents/guardians, and members of the public with disabilities. The District's website will conform to the Web Content Accessibility Guidelines (WCAG) 2.0, Level AA conformance, or updated equivalents of these guidelines.

The Superintendent or his/her designee is directed to refer to District Non-Discrimination Policies and Regulations whereby students, parents/guardians and members of the public may present a complaint regarding a violation of the Americans with Disabilities Act (ADA), Section 504 and Title II related to the accessibility of any official District web presence which is developed by, maintained by or offered through the District or third party vendors and other sources.
