

BETHANY COMMUNITY SCHOOL

Nutrislice has arrived!

Your Menus Can Be Conveniently Everywhere!

Enter your information once and we'll create multiple menus, automagically.

Easy to Access School Menus! The way you access school menus is changing in an exciting new way! Bethany Community School in partnership with Chartwells, is now using Nutrislice to publish school menus to a new interactive website and free smart phone app! Now your school community can access our menus anywhere, anytime! New easy to use features include:

- ✓ More information about menu items, including a photo and description.
- ✓ Filter for common food allergens like nuts, wheat and dairy.
- ✓ A translation feature to translate your menus into a number of different languages.
- ✓ Access to nutrition information like carb counts and calories with just a few clicks!
The new site and mobile app are now available!!!!

Visit www.nutrislice.com now to get started!

I am looking forward to an exciting school year!

Kind Regards,

Joan Conant
